

Banana Bread

Name _____ Date _____

Leo's recipe for banana bread won't fit in his favorite pan. The batter fills the 8.5-inch by 11-inch by 1.75 inch pan to the very top, but when it bakes it spills over the side. He has another pan that is 9 inches by 9 inches by 3 inches, and from past experience he thinks he needs about an inch between the top of the batter and the rim of the pan. Should he use this pan?
